

Christ is Risen !

Christ is risen indeed !

Hallelujah !

**In this Easter season in this strangest of years,
may the peace and hope of the familiar Christ, who died and lives, be with you all.**

We may not be gathering together in the one place, but our connection with God through Jesus remains constant.

We may be physically distancing from one another, but we are at one in our spiritual connection and we are working together on remaining socially connected through prayer, emails, phone calls and care.

And again we affirm the greeting of the newly alive Christ to his friends and disciples

Peace be with you

to which we all reply

And also with you

ooooOoooo

KEEPING UP TO DATE

- * Worship services for each Sunday are posted on our web page each week. These are prepared by folk across the Presbytery and adapted in a minor way for our use in Warragul.
- * These services will also be sent to members by email, where we have an email address.
- * They can also be posted on request to people who do not have access to computers.
- * Elders and Church Councillors are endeavouring to remain in personal contact with everyone on our Pastoral Roll. If you would like to or need to contact us, please do so.
- * Our office continues to be staffed on Tuesday and Thursday mornings, but you must phone to say you are coming 5644 3384
- * News First will not be published for some months because we can't have people delivering it. A posted or emailed version of "Keeping in Touch" will be found on our website.
- * The magazine *Crosslight* has arrived at the office. A copy can be picked up from outside the front door of the church anytime you are legitimately out. Otherwise you can read it online <https://crosslight.org.au/2020/03/27/new-easy-to-read-digital-crosslight/>
- * Prayers of support can be requested in the same way as always: contact John & Olwyne Currie 5623 1762 or the office.
- * We encourage you to maintain your financial commitment to enable the church to maintain our worship, witness and service. Direct debit details are available from the office. Keep your envelopes up to date and they will be gathered at a later time. If you normally place cash in the bowl at church, put it in a special box at home and bring it when we once again gather. And if your financial circumstances have changed, it is quite right to change what you give to the church.
- * In the current situation, it has been decided to not proceed at this time with a Supply Ministry by Rev Chris Meneilly. Maybe later in 2020 -we'll see.
